Unofficial Beamer Theme for IUJ

LaTeX Presentation in IUJ Style

Yuki Yanai

Graduate School of International Relations

国際大学 INTERNATIONAL UNIVERSITY OF JAPAN

October 4, 2016

Outline

Let's use IUJ-Beamer!

- An *unofficial* Beamer Theme for IUJ
- Uses the dark colors
- Theme with IUJ's school color (blue), which is the default of IUJ-Beamer, is also available

Use blocks

Block

This is a block environment.

Use blocks

Block

This is a block environment.

Example

This is an example block environment.

Example

This is an example block environment.

Alert

This is an alert block environment.

Show equations

Probability density function of Normal(μ, σ^2):

$$f(x) = \frac{1}{\sqrt{2\pi\sigma^2}} \exp\left[-\frac{(x-\mu)^2}{2\sigma^2}\right] \tag{1}$$

PDF of the Standard Normal Distribution: Normal$(0,1)$

$$f(x) = \frac{1}{\sqrt{2\pi}} \exp\left(-\frac{x^2}{2}\right) \tag{2}$$

Show the results with Tables

Table: Estimation by OLS: Vote share (%) is the outcome

	Estimates	
Explanatory variables	Model 1	Model 2
Constant	7.91	−2.07
	(0.69)	(0.72)
Experience	18.10	45.91
	(1.23)	(1.58)
Expense	1.85	4.87
	(0.12)	(0.16)
Experience × Expense		−4.76
		(0.21)
Observations (n)	1124	1124
Adjusted R^2	0.56	0.70

Note: Standard errors are in parentheses.

Explain things with figures

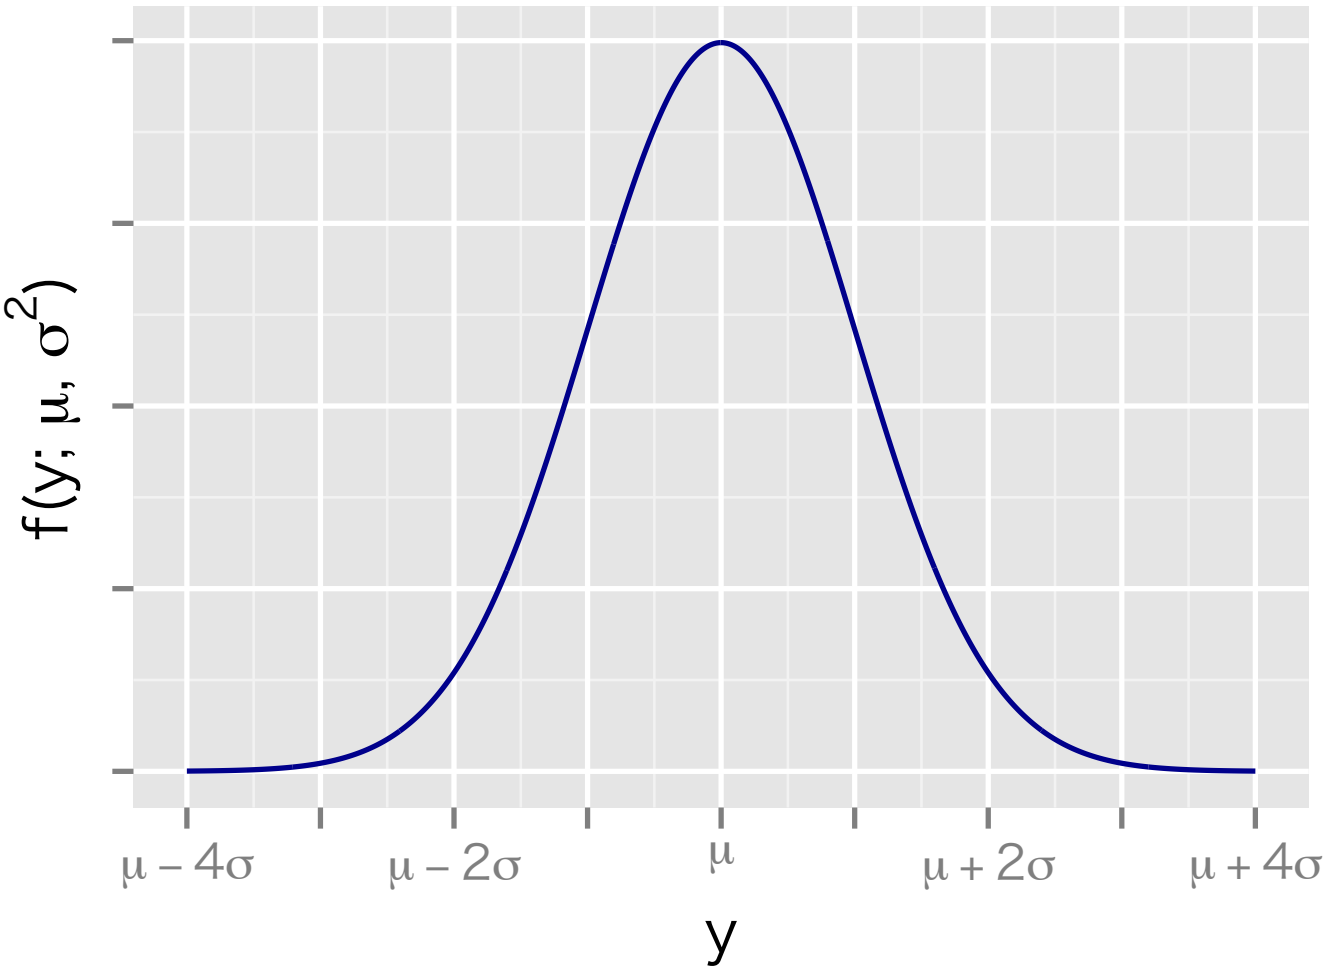

Figure: Normal PDF

Pictures

Thomas Bayes

Pierre-Simon Laplace

$$p(\theta|y) = \frac{p(y|\theta)p(\theta)}{p(y)}$$

Conclusion

With LaTeX and IUJ-Beamer, you can

- create awesome slides
- express **IUJ pride**
