

Title of the talk

And a much larger title spanning two lines

Author's Name

Collaborators: A list of names..

Contents

1 This is section one

2 This is section two

This is the title of the first frame

In this frame we use a block:

Title of the block

Contents of the block...

In one or more lines

- It can also include environments...
- It can also include environments...

Contents of the block...

In one or more lines

- 1 It can also include environments...

This is the title of the first frame

In one or more lines

- It can also include environments...
 - It can also include environments...
- It can also include environments...
 - It can also include environments...
- 1 It can also include environments...

Let's use a long frame title that will be displayed in two (or more) lines... This is not a good practice, but it may happen :-)

Now let's split the presentation using columns..

In this frame we use a block:

Title of the block

Contents of the block...

In one or more lines

- It can also include environments...
- It can also include environments...
